

PAPALA CHRONICLES

A weekly paper of Kingdom of Papala of The Royal Twin Kingdoms - Bougainville

Week Ending 14th May 2005 / 1

ISSUE NUMBER SEVEN (7)

DIRECTOR'S WELCOME ADDRESS

Welcome readers to the seventh chronicle of Papala. This week has been another hectic time for our people here at headquarters.

Last week we successfully organized through RAONK (Royal Assembly of Nations & Kingdoms) a regional international conference of UV governors.

This week we organized through our spiritual development department seminars and awareness programs preparing our people in the lead up to our long-awaited payouts. Next week Tuesday (17th May) our bankers at Royal International Bank of Meekamui will begin issuing bank statements to our customers, clients, helpers and citizens. Individual amounts range from 100,000 to a few million dollars in its kina equivalent. (Currently we use PNG kina as foreign currency only).

These series of seminars are designed to prepare our people spiritually and emotionally before they can actually receive their bank statements.

From our experiences in 1998/9 many families ended up in adultery and divorce related marital problems as they went about spending their payout monies in hotels, clubs, etc. We do not want to see this repeated in this major payout.

Moreover, in 1998/9 only a few people reached millionaire status whilst the rest remained in the thousands.

Above: His Majesty's first parliament at Tonu, RKP HQ, is usually packed to capacity and overflowing during weekly meetings.

In this second payout, a majority will become multi-millionaires and billionaires, meaning that if we do not teach them well we may see more destruction of our families and communities. It is therefore, of paramount importance that these seminars and awareness

programs are run before our banks commence issuing your respective bank statements.

Once again, I welcome you to read the chronicles prayerfully so you may receive your own revelations as to the great things God has begun here on Bougainville for the sake of all humanity.

God bless.

DIRECTOR

UNITING NATIONS

– SIR WANGI

By Robin Brown

The Chief Governor for PNG, Sir JAMES WANGI, has pledged to work for the unity of nations and kingdoms through the Word of GOD.

He said given the huge budget we have “we can build infrastructures, but our biggest aim is to spread the Word of GOD.”

This was his message delivered at the inauguration last week of the regional international conference of Royal Assembly of Nations and Kingdoms here at TONU – Kingdom of PAPALA.

He said the appointment he accepted as Chief Governor of PNG with accreditation to the European Union was a huge task, and only GOD can help him handle the task.

Sir JAMES who has been the channel of some divine revelations relating to the U-VISTRAC System pledged to work together with BOUGAINVILLE people to bring GOD’S purposes to come to pass.

An engineer by profession come medical doctor, SIR JAMES left his executive position with the PNG Health Department to join the U-VISTRAC Universal Ministry.

ROTTEN WORLD SYSTEM

By Robin Brown

The world system of governance, commerce and trade must be overhauled and transformed in order to access GOD’S promise of abundance, plenty and surplus for all mankind.

PAPALA CHRONICLES

A weekly paper of Kingdom of Papala of The Royal Twin Kingdoms - Bougainville.

Week Ending 14th May 2005 / 3

Cont'd.

HM King PEII II said the U-VISTRACT universal system which is new, clean and unadulterated is coming to do just that, change and replace the current conventional system.

He said this is coming because the world system is corrupted and polluted it can be best described like “an old and smelly rubbish drum whose contents include both good and rotten apples.”

This is part of his speech at the inauguration ceremonies at TONU last week.

King PEII II said the rotten apples (bad workers) may be replaced with good and fresh ones (good workers) but “the impact on the overall stinking drum (conventional system) is very minimal, if not temporary.”

“Unless you change everything including the stinking drum itself and replace the rotten apples with good and fresh ones,” he said “you will be wasting your time.”

The monarch believes the contents and the drum itself must be replaced by GOD’S Word and purposes working in the hearts of men.

RADIO BOOSTS UV CAUSE

BY TONY SAPAN

The aims and objectives of the Royal Kingdom of Papala's monetary and banking system, U-Vistract, are set to be boosted in radio awareness programs to be carried on a number of overseas' radio broadcasting services including PNG's Broadcasting Corporation provincial and private FM radio stations.

The Kingdom's Media Unit is finalizing plans to produce for broadcast regular awareness programs to be aired on NBC's Radio East New Britain FM (RENBFM) to commence in July this year.

Royal Kingdom of Papala journalists intend the overseas program to reach UV investors and supporters from throughout the world including PNG and Bougainville.

In an all out move to publicize the organization's aims and objectives throughout Bougainville and the region, several UV appointed governors including the governors for PNG's East Sepik and New Ireland provinces, have indicated their support for similar programs to be aired on NBC and FM radio stations in their provinces.

UV Governors from PNG's East New Britain, East Sepik and New Ireland provinces are prepared to play their part in ensuring such radio programs are carried on radio stations in their country and provinces not only for their supporters but for all citizens.

He said everyone, including himself, come under close fellowship and scrutiny by our GOD who has brought his purpose in U-VISTRACT to fulfillment and remains the Chief Pilot of the mission.

TRAINING MAKES WINNERS

By Robin Brown

King DAVID PEII II has reminded Royal Bank Staff at TONU that no one is indispensable in the U-VISTRACT Universal Ministry System.

King PEII II said anyone who does not perform to standard and seeks to achieve personal agenda through the System will only make their own exit from the Ministry.

Speaking at the regular Sunday Morning Service on 8 May, the King in his typical cheerful and happy mood said this is why training in the Word of GOD is inevitable for all U-VISTRACT subjects.

He said Winners such as MOSES and DAVID in Bible days came by no easy way but hard training before they became successful Vessels of GOD and accomplished great exploits for the Kingdom.

He said it is now the ripe season to begin work and he believes his training and grounding in Wilderness, Universal and Mountain Studies have prepared him for the Mission.

He expressed his gratitude to see staff expressing their faith in GOD at various levels of maturity in CHRIST, and also shared some of his own experiences in training which spanned over a decade.

RKP COMPANY REGISTER

BY TONY SAPAN

Three Bougainvillean based and Bougainvillean owned companies are among five, who have so far obtained approval to operate their businesses from the office of the Royal Kingdom of Papala Registrar of Companies.

Registrar of Companies, Gideon Taima revealed that since his office first opened for business in February this year, Benkonopi Holdings PTY LTD, Lihmo Family Trading and Kuba Canteen have so far obtained approval and certificates of incorporation to carry out their businesses.

Above: 3 businessmen (l – r) Kiaku, Braise and Gerald) showing off their new look Certificates of Incorporation.

Above: Sir James Wangi showing off his Certificates registered under Papala Foreign Companies Act.

PAPALA CHRONICLES

A weekly paper of Kingdom of Papala of The Royal Twin Kingdoms - Bougainville.

Week Ending 14th May 2005 / 6

Two other companies, one to provide health care and the other to provide engineering services, have already paid for their certificates of incorporation and are awaiting the issue of these certificates from the Registrar of Companies.

Benkonopi Holdings PTY LTD, Lihmo Family Trading and Kuba Canteen who operate trade stores in Tonu village in the Siwai District of south west Bougainville, paid K50 each to obtain registration from the office of the Registrar of Companies to carry out their activities.

Regional companies wishing to obtain similar approvals are required to pay USD1000 to get such approval while foreign companies wishing to do the same will need to pay USD10000 to obtain such approval.

Meanwhile according to Mr. Taima, five Buka based companies, intending to run trade stores, go into computing and Carpentry and Joinery businesses have also indicated their intention to obtain similar approval from his office to carry out their operations.

Companies dealing with the sale of strong drinks and other intoxicating products considered unfit for human consumption will not be entertained by the RKP office of the Registrar of Companies.

PNG HELPERS BOOST UV CAUSE

BY TONY SAPAN

Helpers from Bougainville and four Papua New Guinea provinces to the Royal Kingdom of Papala monetary and banking system, U-Vistract, have so far voluntarily contributed more than a million kina worth of assistance in cash and kind towards the establishment of U-Vistract's operational base at Tonu, RKP headquarters.

Above: Acting International Manager of International Bank of Meekamui, Mr. Andrew Liliura, inside his office, at Tonu HQ.

Helpers from PNG's NCD, Madang, Morobe, East New Britain and New Ireland provinces who total 2,862 had contributed a total of K662,959 worth of voluntary assistance to the end of April this year in their ongoing effort to support U-Vistract's

aim to provide universal financial independence for its investors and helpers throughout the world.

It is estimated that there are about 200,000 helpers and investors to the U-Vistract monetary and banking system throughout Bougainville and PNG who will soon be paid out substantial amounts of money from their investments by the Royal International Bank of Meekamui.

In a historical love gift to the PNG government which in 2002 ordered its central bank

to shut down U-Vistract's operations in Port Moresby, its Founder and Principal Director, His Royal Highness King Peii II announced a K2 Billion allocation along with another K100 Billion to 23 PNG provinces. This is apart from the K440 Billion budgetary allocation to the

PAPALA CHRONICLES

A weekly paper of Kingdom of Papala of The Royal Twin Kingdoms - Bougainville.
Meekamui Government for 2005 and 2006 fiscal year.

Appointed UV Governors who are essentially prayer warriors, have been given the task to disburse K4 Billion each in their respective provinces, to strengthen the work of delivering goods and services and development using bible principles as their guide to enhancing the spiritual and physical well being of citizens in the process.

UNIVERSAL U-VISTRAC PLAN

By Robin Brown

The Royal Government and Kingdom of PAPALA has given itself five years to fully implement its Corporate Plan known as the U-Vistract System Order which is designed to win the entire world for our Lord JESUS CHRIST.

Week Ending 14th May 2005 / 7

Released at its headquarters at TONU, the plan will be driven by the Medium Term Development Strategy that spells the specific phases of work beginning in July 2005.

This U-VISTRAC System is a huge universal Banking and Monetary Network backed by unparalleled and unprecedented gold reserves ever in history.

It is essentially a new world order ordained by GOD in 1998 with the mission to uproot and destroy the corrupt world system and replace it with GOD's provisions of abundance, plenty and surplus.

Last week the Principal Director of U-VISTRAC and King of PAPALA, King PEII II, released the K4.544 Trillion budget to Bougainville, PNG and world clients.

K4 Trillion goes to U-VISTRAC clients overseas, the MEEKAMUI Government on Bougainville was allocated K440 Billion and PNG the difference of K100 Billion.

Three regional international offices were also allocated with K4 Billion budgets.

Phase one and two of the Medium Term Development Strategy has been implemented or is in the process of implementation.

REHABILITATION SEMINAR

By Robin Brown

In a combine effort, the Church and Government in SIWAI have made a head-start to rehabilitate and teach the people about safe and sober ways of using huge amounts of money before they receive their first bank statements.

Helpers under various categories in the U-VISTRACK Systems paycheck attended the first seminar this week run by the Church and the Royal Central Bank of Bougainville (MEEKAMUI).

The District Manager for SIWAI in the MEEKAMUI Government, THOMAS WAWOITU, said the seminar will continue next week and will spread to cover the masses.

MR WAWOITU said they consider the campaign necessary to inform and advise people about the pitfalls that money can bring if they spend foolishly.

The U-VISTRACK System will make the payouts through the Royal International Bank of MEEKAMUI and does not wish to see the wealth and riches kill the recipients before they get to enjoy them.

DIRECTOR'S COLUMN

Thanks and welcome to the Director's Column this week. I'd like to continue our discussions from where we left couple of weeks ago.

In the fifth issue, we began our journey of discussions from *Papala (Siuwai)* where Bougainville's jet black people are said to have originated from. From Papala our ancestors traveled to *Mitahuwo*, also in *Siuwai*, and they were a more spiritual people than we are today. They had direct fellowship with God Almighty, Creator of all heavens and earth (universe) and Source of all life, who appeared to them under fourteen (14) different names from time to time. When they needed food God appeared to them a *Tantanu* and provided for them. When they needed healing/medicine God appeared to them as *Miikaii* and healed them. When they needed to know truth, word and wisdom God appeared to them as *Kupuna* and provided for them; when they needed music and education God came to them as *Panangah* and taught them, and so on.

We also saw how the God of Israel appeared under fourteen different names (under one of three categories) to His people – Israel. When they needed food God appeared to them as *Jehovah Jireh* and provided for them; when they

needed healing/medicine God came to them as *Jehovah Rophe* and healed them; when they needed protection/safety God would appear to them as *Jehovah-Nissi* or *Jehovah Rohi* and protect them, and so on.

Finally we saw how all fourteen cultural names of the God of Bougainville happen to correspond directly to and/or match the fourteen cultural names of the God of Israel, thus clearly confirming that our ancestors on Bougainville worshipped the same God that Abraham, Isaac and Jacob also worshipped. Today, as a Christian, I know the God of the Bible intimately and personally under all his fourteen names in my own mother tongue. I know who *Jehovah-Jireh* is in my own language; I know who *Jehovah-Rohi* is in my own mother tongue. I know who *Jehovah-Elohim* is in my own native tongue. I know who *Jehovah-El Shaddai* is in my own mother tongue; etc, etc. Halleluia! Not only do I know him by name but also by my personal experiences through the 'furnace of affliction'. My people on Bougainville have likewise seen the hand of the God of their ancestors through a very hot furnace of affliction we call "Bougainville Crisis" today. Our God has protected this small island kingdom/nation from seemingly devastating events that threatened to annihilate

our people from the face of the earth.

The environmental destruction, the external and internal armed conflicts, the PNG government imposed economic blockade and genocide, the forced military landing, the Sand-line mercenary threats, the threats of intervention forces, etc, etc, which to this day have failed to wipe out our people from the face of the earth are clear indications that God has a bigger plan for Bougainville.

Remember that Bougainvilleans did not just fight against Rio Tinto (BCL) but against all foreign controlling or domineering powers that enslaved or kept our people in bondage in our own country. The foreign governing powers called us 'rebels' and Francis Ona was branded as "rebel leader" just as the Egyptian government branded Moses as a "rebel leader" when he was fighting to rescue Israel from slavery.

In 1997, seven years after our UDI, my brother Meshach and I came in contact with three Bougainville leaders, General Sam Kauona, and Co-Presidents Joseph Kabui and Francis Ona (now HM King) who by then had just begun to follow separate and conflicting paths to independence. We wanted to unite them in a unique custom-based, ten-step mediation program. On 17th November we signed agreements with Sam Kauona

PAPALA CHRONICLES

A weekly paper of Kingdom of Papala of The Royal Twin Kingdoms - Bougainville.

Week Ending 14th May 2005 / 10

and Joseph Kabui near Aropa airport and on 19th December we signed another agreement with Francis Ona at Guava. We then set out to find a way of bringing the parties together.

However, after finding that it was impossible to bring together the above parties without money and system we broke out into what we now call U-Vistract System. We saw that the overall Bougainville struggle cannot be resolved without first establishing our own independent and/or sovereign international government and financial system. In other words, Bougainville needed to create her own independent and sovereign system in order to be free from the control of the other international financial and governing structure. Also, it was very clear that the funds we needed to work with in uprooting, pulling down, destroying and overthrowing the existing foreign control system could not be earned through the conventional system. A new international system needed to be established whose control and coordination would not be based overseas but right here on our own soil.

Thus, we set out to establishing our own homegrown international government, monetary and banking system. Then we began inviting other nations, kingdoms and governments around the globe to join us. At the international level we

established the "Royal Assembly of Nations & Kingdoms" (abbreviated RAONK) as our international hardware. At national level in Bougainville, our hardware service was/is provided by the Meekamui government. U-Vistract remains as software system both nationally and internationally.

Our universal mode of operations is more like a "general building contractor" which subcontracts other firms like plumbers, electrical firms, etc, for various scopes of works. Countries that have signed International Memorandum of Agreements with RAONK both directly and indirectly through our subcontractors include Solomon islands, West Papua, Mogilno, USA, England, France, Indonesia, Philippines, Germany, Canada, etc. All of them are waiting for us to complete our establishment here at Tonu and clear up their funds in our system. For instance, Solomon Islands government is holding onto our bank cheque worth USD350 Million whilst United States Government is holding onto our bank cheque worth USD3.00 Billion which we issued on 19th April 2004. Our royal bankers are now finalizing their respective clearance procedures and processes.

In every country where our system is fully operational, we have governor-generals, chief governors, regional and

provincial governors, councilors, district managers and administrators, etc. We also have our own Attorney-Generals, Auditor-Generals and Kings Counsel Lawyers. For instance, just over a week ago we had a large overseas contingent from Papua New Guinea which came over to Tonu, RKP HQ, to formally receive their knighthoods, appointments and budget allocations. Over the coming weeks and months we are going to see more such representations from other countries around the world. Currently we have 205 countries in our register. They are all vying to come and receive their recognitions, knighthoods, budget allocations, and other insignias, etc. Time has changed! The world system is changing fast. Instead of going to England for recognition, etc, purposes, people all over the world will now look to our shores for answers and to receive their recognition, insignias, knighthoods and budget allocations. What God had planned for the whole earth through our program cannot be withstood nor stopped by anyone whomsoever! It has to happen NOW! And what we are witnessing here is only a tip of the iceberg!

Note: Due to space limitations I will continue this discussion next week in this column.

God bless.

DIRECTOR.

This week's Scripture:

"..And he that overcometh, and keepeth my works unto the end, to him will I give power over the nations: And he shall rule them with a rod of iron; as the vessels of a potter shall they be broken to shivers; even as I received of my Father. And I will give him the morning star"

Revelations 2: 26-29

Quote of the week:

Whilst in Hongkong in 1999 I was asked by a pastor friend of mine "how much are you worth?" I answered "I'm worth more than enough". He asked again "but how much is that in terms of figures, millions or billions?" I replied again "I am worth everything documented in Romans 8: 17 where I am an heir of God, a joint-heir with Christ Jesus my Lord meaning that I own everything my Father owns; and since my Father owns the whole universe, I too own the same". **DIRECTOR**

Again, whilst in Honiara, Solomon Islands in 2003, a senior government minister asked me "how do you compare with Bill Gates who is said to be the richest man on earth?" I replied "Bill Gates earns money, I create money."

DIRECTOR

Timely Message for Bougainville:

Someone asked me "should I participate in the forthcoming autonomous elections?"

I replied "why should you knowingly become a slave of foreign domineering powers again?"

He realized the answer and left satisfied.

DIRECTOR
